

TRANSPORTATION PLAN + PRIMARY CONTACT INFORMATION

Use this page on travel day. It's your simple step-by-step for meeting your driver at GUA and getting to the villa without overthinking anything.

AIRPORT TRANSFER (GUA ⇄ ANTIGUA)

Transport Provider: SantoShuttle (Luis' team)

Primary / Escalation Contact: Luis Santos —

WhatsApp: +502 4214 5901

(Your pickup may be handled by one of Luis' drivers; Luis remains the escalation contact.)

Instagram: @santoshuttle

VILLA: CASA MARTINA

Address: 5a Ave. Sur Final, Castilla de Belen, Casa 15, Antigua, Guatemala (Show this to your driver.)

← Find our villa on Google Maps

Time Zone: Guatemala is Central Time (no DST)

ARRIVAL: GUA → ANTIGUA (MEET YOUR DRIVER)

Before you exit Customs: make sure WhatsApp is working (Wi-Fi or cellular).

Step-by-step

1. Land at GUA → Immigration → Baggage Claim → Customs.
2. After clearing Customs, take the exit on your right-hand side: "Light Blue Wing Exit."
3. After you pass through that exit, you'll see BARETTO café on the right.
4. As soon as you reach BARETTO, message your driver on WhatsApp: "I'm at BARETTO."
5. Airport rules limit vehicle waiting time, so your driver will time the pickup and arrive quickly.
6. Your driver will be holding a sign with your name.

Important: Only ride with your pre-arranged SantoShuttle driver. Do not accept rides from anyone who approaches you.

If you are unable to find your driver within 10 minutes

- WhatsApp Luis (Escalation): +502 4214 5901
- Then message the host or support contacts (below)

CURRENCY NOTE

There is a currency exchange booth on the way out of the airport gates. We recommend you exchange \$50–\$100 USD into GTQ so you have cash on hand right away (tips, small purchases, and any food/coffee stop on the drive from GUA to Antigua). Airport rates may be slightly higher than in town, but this small amount makes arrival day much easier.

DEPARTURE: TRANSPORT FROM ANTIGUA TO LA AURORA (GUA) AIRPORT

Your flight information has been provided to SantoShuttle. Luis will arrange a pickup time that gives you plenty of buffer for traffic + airport security.
